One identity. Five color directions.

Identical B/C geometry and presentation conditions. Light and dark for every palette. Proposed HEX values, not final standards.

PALETTE / ROLE VALUES	B / SANCTUARY STRINGS		C / PRAISE LIGATURE	
01 / SHORTLIST **Navy & gold** PRIMARY #14263D · SECONDARY #946B2E ACCENT #C9A467 · NEUTRAL #F6F1E8 13.58:1 · primary / neutral	LIGHT  Tabernacle of Praise	DARK  Tabernacle of Praise	LIGHT  Tabernacle of Praise	DARK  Tabernacle of Praise

Two palettes. One next conversation.

1 / Teal & sand

The strongest contemporary distinction with tactile warmth. Keep sand as a surface and gold as a measured accent.

2 / Navy & gold

A dignified, dependable alternative with a strong dark-on-light foundation. Familiar territory; the mark must supply distinction.

Concept C / Praise Ligature

The stronger whole-parish platform of the current pair. Refine its T/P channel and its editorial character. B remains a meaningful musical alternative, with strings that need a small-size solution.

- No third concept introduced; neither B nor C is replaced.
- Actual authorized RCCG emblem pairing is pending.
- Screen HEX values require real print and material proofing.
- Final geometry, typography, palette, and approval remain open.
